UHN Network Account Access

What is a UPN?

A User Principal Name (UPN) is a user identifier that is tied directly to one's TID and will be used as a login to gain access to the UHN network. Everyone that has a TID also has a UPN. The UPN is not an email address, but may resemble your email if you were provided one by your program/department.

tID: t910373uhn

(UPN) for Remote Access: just.test@uhn.ca  Use "UPN" as your username for MyLearning username

Access Start Date: 1-Jul-2020

Access End Date: 18-Jul-2020

Account Access: Citrix

Password:

If you are a new learner, use this password
If you are a returning learner, use your network password

Please register for an [MFA](#) to get any technical support with your network access.

Based on your last placement request below are the required learning activity:

- Annual Fire Safety
- Infection Control and Routine Practices
- UHN Emergency Codes

[Click here](#) and login with your UPN to access your UHN eLearning required activities.

Only access MyLearning using this button here. You will not be able to login if you use the Staff entry page

If you are a returning learner and you forgot your network password, please contact help desk and tell them to "**reset your network password**". Please do not mention eLearning to them. If you have any questions, please reach out to Medical Education Office
